

PEST&CROP INDEX 2015

INSECTS, MITES & NEMATODES

Armyworm

Armyworm Pheromone Trap Report – 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14
Armyworm Captures Perhaps Grossly Under Reported This Spring – 6

Asiatic Garden Beetle

Asiatic Garden Beetle Grub is Back – 7

Black Cutworm

Black Cutworm Moths Blowing Into Indiana – 3
Black Cutworm Adult Pheromone Trap Report – 3, 4, 5, 6, 7
Black Cutworm Moth Arrival and Larval Development – 4
Black Cutworm Larval Development (Map) – 5, 6, 7
Black Cutworm: Now is the Time to Scout – 7
VIDEO: Black Cutworm: Midwest Arrival and Threat to Corn – 7
VIDEO: Black Cutworm 2: High Risk Corn and Management Considerations – 7
Black Cutworm Moth Catching is Over, Not It's "Worm Time" - 7

Corn Earworm

2015 Corn Earworm Pheromone Trap Report – 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23, 24, 25

European Chafer

European Chafer Causing Serious Damage in Northeastern Indiana – 5

European Corn Borer

European Corn Borer, the Pest that Hasn't Gone Away – 2
VIDEO: Scouting and Management of Second Generation Corn Borer - 17

Green Stink Bug

Green Stink Bug Observed I Southwest Indiana Soybean Fields – 21

Insects (Miscellaneous)

Handy Bt Trait Table - 2
Notes on Recent Pollinator Health Initiatives – 10
Swarms of "Weird Worms" and "Sweat Bees" Infest Indiana Corn Fields – 19
Why Are Some Corn Kernels Red Streaked? – 25

Japanese Beetle

Windshield Splatter: Insect Pest Update – 14

Rootworms

Rootworm Hatch Underway – 11
A Silver Lining: Hatching Rootworm Larvae May Be Drowning – 12

Nematodes

Sampling for Plant Parasitic Nematodes – 1
Nematode Update: Corn Parasitic Nematode - 8

Slugs

Slugs Sliming Corn – 10
VIDEO: Corn Field Damage by Slugs - 10

Western Bean Cutworm

Western Bean Cutworm Pheromone Trap Report – 13, 14, 15, 16, 17, 18, 19, 20

Western Bean Cutworm Flight Declining – 18

VIDEO: WBC Scouting Comparison: Spray vs. Non-Spray – 18

Unexpected Western Bean Cutworm Damage Observed in Bt Corn – 23

VIDEO: Western Bean Cutworm Field Gene Check - 23

WEEDS

Herbicides

Wild Garlic Control in Indiana No-till – 2

Star-of-Bethlehem Management – 2

Giant Ragweed Should be a Driver Weed for many Indiana Farmers – 10

Delayed Postemergence Herbicide Applications – 13

Adjuvants Alone Won't Solve Glyphosate Resistance – 16

Testing for Suspect Populations of Herbicide – Resistant Weeds – 20

Residual Herbicides and Fall Cover Crop Establishment - 22

Other

VIDEO: Purdue Weed Science Creates Time Lapse Videos - 1

Weed Science Field Days at 2 Sites in 2015 – 9

Palmer Field Day, June 30 CANCELLED – 13

Dr. Thomas Bauman (1939-2015) - 16

PLANT DISEASES

Corn

New Information on Goss's Wilt in Indiana – 12

Update on Indiana Corn Foliar Disease Risk – 13

July Update on Indiana Corn Foliar Diseases – 16

Wet Weather Corn Diseases: Crazy Top and Physoderma Brown Spot – 17

Diplodia Ear Rot – 22

Goss' Wilt Marches East in Indiana – 22

Tar Spot on Corn Confirmed in the United States - 24

Soybeans

Soybean Seedling Damage: Is There an Interaction Between the ILeVO Seed Treatment and Pre-emergence Herbicides? – 8

VIDEO: Soybean Seedling Injury Symptoms – 9

VIDEO: Soybean Seedling Blights – 13

Septoria Brown Spot vs. Bacterial Blight in Soybean - 16

Wheat

Managing Wheat by Growth Stage – 3

Time to Think About Fusarium Head Blight (Scab) Management in Wheat - 6

Misc.

VIDEO: 2015 Purdue Crop Scouting Competition – 3

VIDEO: Soybean Seedling Sampling and Submission for Problem Diagnosis – 6

VIDEO: Soybean Seedling Blights and Proper Plant Sampling – 6

AGRONOMY TIPS

Corn

Update to Nitrogen Management Guidelines for Corn – 1
Corn & Soybean Planting Progress in Indiana Over the Years – 5
The Planting Date Conundrum for Corn – 6
Hybrid Maturities for Delayed Planting – 8
Corkscrewed Mesocotyls & Failed Corn Emergence – 8
Assessing Frost / Cold Temperature Injury to Young Corn – 8
Silver Leaf Symptom in Corn – 8
Determining Corn Leaf Stages – 9
Striped Corn – Potential Nutritional Deficiencies – 10
Recovery From Hail Damage to Young Corn – 11
Effects of Flooding or Ponding on Corn Prior to Tassling – 11
Assessing Available Nitrogen from Fall- and Spring-Applied Nitrogen Applications – 12
Yellow, Stunted Corn... More Than One Possible Cause – 12
How Late Can I Replant Corn? – 14
Salvageability of Waterlogged Fields of Corn: That's the \$64 Question – 15
Blue Skies... Not Smiling on Me – 16
Unusually Long Silks in Corn – 16
Waterlogged Corn: A Tale of Two Ears – 16
Yield Monitor Calibration Will be Challenging This Year in Some Indiana Fields – 21
Estimating Corn Yield Prior to Harvest – 21
VIDEO: Effects of Excessive and Persistent Rainfall During Rapid Corn Growth – 25
No-till and Strip-till Corn Exceed Expectations in 2015 - 26

Soybeans

Corn & Soybean Planting Progress in Indiana Over the Years – 5
VIDEO: Soybean Assessment After Wet Conditions - 15
VIDEO: Soybean Nitrogen Stress After Wet Conditions - 15
Planting Soybean for Grain or Cover - 14

Other

Dry weather can affect soil sampling and test results - 26

BITS & PIECES

2015 Popcorn Agri-Chemical Handbook – 1
Purdue Extension Field Crop Specialists – 1
Slow Crop Development and Tillage Compaction May Create Need For Early Season Irrigation – 9
Irrigation Scheduling for the End of the Season – 20
Grain Post-Harvest Checklist for 2015 – 23
Post Harvest Update and Recertification Workshop – 24
Pest&Crop 2015 Survey - 24, 25
Purdue's Second Annual Crop Scouting Competition a Success – 26
VIDEO: Purdue's 2015 High School Crop Scouting Competition

WEATHER UPDATE

Appears in every issue except issue 1
Growing Degree Days - 17
State Climate Office: June-July Rainfall in Indiana Not a Record, But it's Close - 19
